Dear Parents,

You will be aware of the Government announcements yesterday and I understand that there are increasing concerns about the developing situation we face. We are fortunate to have a strong and determined community of children, staff, parents, Governors and others at BCP.

Your response so far has been fantastic. Thank you for your messages of support - they are greatly appreciated by all of us.

The latest Public England Advice is that anyone with a high temperature (fever) and/or a cough should self isolate for 14 days as well as all other members of the household. Children displaying symptoms at school are to be sent home.

I have had emails from parents asking about keeping their child at home even if they are not unwell as they are worried about the potential risks of sending them to school. I completely understand and support any decisions you make. If you choose to keep your child at home, the absence will be authorised. It is important that you let the school know about any absence as usual.

Teachers are working hard to prepare work for children to do at home. This will be emailed out at regular intervals.

School continues to operate as normally as possible while we await updates from the Government.

Best wishes to you,

Ali Armstrong
